Appointments

Assistant Professor, 2016-

Department of Media Studies, University of Virginia, Charlottesville, VA.

Postdoctoral Researcher, 2014-2016.

Microsoft Research New England, Cambridge, MA.

Education

Ph.D., Communication, 2014.

Annenberg School for Communication and Journalism, University of Southern California, Los Angeles, CA.

Dissertation: *Hobbyist inter-networking and the popular internet imaginary: Forgotten histories of networked personal computing, 1978-1998.*

Committee: Henry Jenkins (chair), François Bar, Alison Trope.

M.S., Comparative Media Studies, 2009.

Massachusetts Institute of Technology, Cambridge, MA.

Thesis: *Stepping your game up: Technical innovation among young people of color in hip-hop.*

Committee: Henry Jenkins (chair), Beth Coleman, Wayne Marshall.

B.A., Visual Arts, 2002.

Assumption College, Worcester, MA.

Senior Thesis: *Origins of the Situationist International.*

Committee: Scott Glushien, Elizabeth Meyersohn, Jason Rosenfeld.

Additional coursework

Summer Doctoral Programme, Oxford Internet Institute, University of Oxford, Oxford, UK, 2012.

“Internet and Society: the Politics of Control” at the Berkman Center for Internet and Society, Harvard Law School via Harvard Extension School, Cambridge, MA, 2005.

Math and Science Partnership Program at the Harvard Graduate School of Education, Cambridge, MA, 2004.

Publications

Books

Selected keynotes and invited talks

- "Things that Think: Lay theories of A.I.," invited speaker, Human and Machine Intelligence Group, Humanities Informatics Lab, University of Virginia, Charlottesville, VA, November 8, 2017.
- "Platforms in the Public Interest: Lessons from Minitel," colloquium speaker, Comparative Media Studies, Massachusetts Institute of Technology, Cambridge, MA, September 21, 2017.
- "Platforms in the Public Interest: Lessons from Minitel," invited lecture, School of Literature, Media, and Communication, Georgia Tech, Atlanta, GA, September 9, 2017.
- "Platforms in the Public Interest: Lessons from Minitel," invited lecture, *Border Sessions*, The Hague, NL, June 29, 2017.
- "Dial-Up: A Grassroots History of Social Media," invited lecture, *The Making of the Digital World*, GHI Spring Lecture Series (organized by Anne Schenderlein and Elisabeth Engel), German Historical Institute, Washington, DC, April 20, 2017.
- "Reinventing the past and future of taken-for-granted media infrastructures," invited lecture, School of Communication and Culture, Aarhus University, Aarhus, DK. April 1, 2016.
- "Re-calling the modem world," colloquium speaker, Comparative Media Studies, *Massachusetts Institute of Technology*. Cambridge, MA. April 9, 2015.

“Forgotten histories of the internet,” invited speaker, *F.A.T. 5 GOLD: Five Years of Free Art & Technology*, Eyebeam Art + Technology Center, NYC, 2013.

“Digital Tensions,” invited speaker, *University of Southern California Symposium on Digital Media*. Santa Monica, CA. December 7-8, 2012. Presentation on a panel with Marty Kaplan, Jack Lerner, Herb Schorr, Ellen Seiter, and Holly Willis.

“Free culture and the pop music industry,” keynote speaker, *Open Access Week*, University of Redlands, 2011.

“A critical history of free culture,” keynote speaker, *Open Access Week*, University of Redlands, 2010.

“Everybody's Doing A Brand New Dance Now,” invited speaker, *Comparative Media Studies Colloquium*, Massachusetts Institute of Technology, 2008.

“Thanx 4 Da Add: How Soulja Boy Hacked Mainstream Music,” invited speaker, *Harvard-Yale-MIT Cyberscholars Working Group*, 2007.

Selected interviews, panel presentations, and workshops

“404 History Not Found: Challenges in Internet History and Memory,” co-organizer with Camille Paloque-Berges, pre-conference, The 17th annual meeting of the Association of Internet Researchers (AoIR 2016), Berlin, 2016.

“Everything worth a damn on the internet grew out of grassroots DIY communities,” Boston Hassle Telethon, Somerville Community Access Television (SCAT), 2016.

“Occupy this Seminar!,” workshop presentation with Joshua McVeigh-Schultz and Adam Liszkiewickz, Interactive Media Division, University of Southern California, 2011.

“This is the Remix: Fair Use in Hip-Hop Culture,” moderated discussion with DJ Ripley and members of the rap group Das Racist, *World's Fair Use Day*, Washington D.C., 2011.

“Remix culture, music, and the arts,” moderated discussion with artists Laurel Halo, Joel Ford (Games, Airbird), Daniel Lopatin (Games, Oneohtrix Point Never), Ryan Sciaino (DJ Ghostdad), and Bennett Williamson, *Students for Free Culture Conference*, New York University, 2011.

“Who's Holding the Camera? The Co-Evolution of Open Video and Skateboarding,” workshop with Emily Chivers Yochim, *Open Video Conference*, New York City, 2010.

“Q&A with Tom Jennings, Founder of Fidonet,” interview, *ROFLcon II*, Massachusetts Institute of Technology, 2010.

- “The Politics of Video Sampling: Slash and Remix Culture,” panel discussion with Carmin Karasic and Renee Lloyd, *Boston Cyberarts Festival*, 2009.
- “Endless loop: A brief history of chiptunes,” workshop presentation with Joshua Diaz, *XOR Con*, Harvard University, 2009.
- “Work it, Move it, Bang it, Bump it: Crank Dat Online Dance Craze,” workshop presentation, *ROFLCon*, 2008.
- “Free Culture Activism and the Mass Media Conversation,” workshop presentation, *Beyond Broadcast*, Massachusetts Institute of Technology, Cambridge, MA, 2007.
- “Kids 'n' Code: Hacking K-12 Computer Science,” workshop presentation, Boston Ruby Group, 2007.
- “TeachForward: Itch/ Scratch,” workshop presentation, *iSummit*, iCommons, Rio de Janeiro, Brazil, 2006.
- “Free the curriculum: Supporting educators with open content,” workshop presentation with Robert Lucas, *Wikimania*, Harvard Law School, Cambridge, MA, 2006.
- “Tomorrow's Learner Today,” workshop presentation, *Brain Gain, Education Technologies and Multimedia Development*, Harvard Business School, Cambridge, MA, 2006.

Formal collaborations

Invited participant, Culture Digitally, 2011-Present.

Contributed to a multi-year, NSF-funded workshop series on cultural production in the digital age. Organized and presented on a themed panel presentation at the Association of Internet Researchers conference, appeared on the *Culture Digitally* podcast, and wrote for the *Culture Digitally* blog.

Research Assistant for Kjerstin Thorson, University of Southern California, 2013.

Developed a methodology for analyzing online communication across multiple platforms using a combination of large-scale computational analyses, quantitative content analysis, and qualitative discourse analysis.

Research Assistant for François Bar, Annenberg Innovation Lab, University of Southern California, 2012, 2013.

Coordinated an interdisciplinary group of researchers using mass-scale Twitter data to explore various features of Occupy Wall Street, the 2012 U.S. general election, and related social phenomena. Implemented custom analytic software and distributed data storage using Python and MongoDB.

Co-founder, Minitel Research Lab, 2011-Present.

Produced and maintained an online archive of Minitel, Teletel, and videotex-related artifacts.

Research Assistant, Civic Paths, University of Southern California, 2011.

Developed and managed software projects for the collection, organization, and analysis of digital artifacts. Lead initial research of Southern California Occupy protests with special attention to the use of Twitter, YouTube, and streaming video services.

Research Assistant for Sarah Banet-Weiser, University of Southern California, 2010-2011.

Conducted original research, prepared notes for lectures, and edited book projects including *Commodity Activism: Cultural Resistance in Neoliberal Times* (New York University Press, 2012) and *Authentic™: Political Possibility in a Brand Culture* (New York University Press, 2012).

Research Assistant, The Education Arcade, Massachusetts Institute of Technology, 2009.

Developed paper and electronic prototype games for foreign language learners.

Research Assistant, Singapore-Massachusetts Institute of Technology GAMBIT Game Lab, 2007-2009.

Provided organizational, technical and research support to undergraduate teams during the production of three completed games: *Picopoke*, *Waker*, and *Woosh*. Developed several additional game prototypes for Facebook, non-smartphone mobile, and PC platforms.

Teaching

Undergraduate Courses

2018	MDST 3500	Comparative Histories of the Internet
	MDST 4803	Computational Media
2017	MDST 3050	History of Media
	MDST 3500	Comparative Histories of the Internet
	MDST 4559	Computational Media

	SARC 5500	Rise of the Bots: Artificial Intelligence
2016	MDST 4559	Social Media and the General Election
	MDST 3559	Comparative Histories of the Internet

Professional experience

Instructor, “Being Interested in Boring Things: Studying the Infrastructures of our Everyday Digital Lives,” Theme Week, School of Communication and Culture, Aarhus University, Aarhus, DK, March 29-April 1, 2016.

Designed and taught a week-long seminar (approximately 30 hours of class time) on infrastructure studies for Masters students in the Digital Living program. Original curriculum developed and delivered in collaboration with Lana Swartz. In addition to classroom instruction, we provided individual mentoring for six student projects.

Instructor, ASIMS, Annenberg School for Communication and Journalism, University of Southern California, Los Angeles, CA, 2013.

Co-taught with Dr. Lian Jian a two-week graduate seminar on web scraping for communication scholars using the Python programming language. Collaborated with Dr. Jian on the syllabus, delivered half of the lectures, and provided individual mentoring for over a dozen student projects.

Lead Teacher, Computer Science and Mathematics, Prospect Hill Academy Charter School, Cambridge, MA, 2004- 2007.

Developed and taught complete computer science curriculum for grades 6-12. Taught Algebra and Pre-Calculus for grades 10-12. Homeroom advisor for students in grades 8 and 9. Advisor for extra-curricular Media and Hip-hop Clubs. Faculty representative for Art, Music, Physical Education, and Computer Science. Faculty advisor for individual Senior Projects.

Instructor, Institute of Contemporary Art, Boston, MA, 2007-2009.

Developed and taught courses in digital media for ages 12-18. Developed and taught professional development workshops in digital media for K-12 art teachers.

Instructor, Worcester Art Museum, Worcester, MA. 2002-2003.

Developed and taught workshops in digital media, photography, drawing, and printmaking for students ages 10-18.

Assistantships

COMM.395, Gender and Media, Alison Trope, University of Southern California, 2010, 2011, 2012, 2013.

Responsible for two weekly discussion sections, writing exam and paper prompts, and grading student work.

COMM.202, Communication and Technology, Henry Jenkins, University of Southern California, 2011.

Responsible for two weekly discussion sections and grading student work. Delivered two guest lectures. Moderated student “backchannel” during lectures.

COMM.371, Censorship and the Law, Michael Overing, University of Southern California, 2010.

Responsible for writing exams, grading student work, and participating in weekly Socratic seminars. Delivered one guest lecture.

21W.789, Communicating with Mobile Technology, Ed Barrett, Massachusetts Institute of Technology, 2009.

Responsible for mentoring student teams through the process of developing a working prototype of a mobile applications. Delivered one guest lecture.

CMS.100 Introduction to Media Studies, Beth Coleman, Massachusetts Institute of Technology, 2008.

Responsible for grading student work, participating in weekly class meetings, and mentoring students through the realization of multimedia projects. Delivered one guest lecture.

CMS.400 Media Systems and Texts, Henry Jenkins, Massachusetts Institute of Technology, 2008.

Responsible for grading student work and participating in weekly class meetings. Delivered one guest lecture.

Graphic Design II, Scott Glushien, Assumption College, 2001.

Responsible for grading student work and providing hands-on assistance in a computer lab environment. (This was a continuing education course for adult learners.)

Graphic Design I, Elizabeth Meyersohn, Assumption College, 2000.

Responsible for grading student work and providing hands-on assistance in a computer lab environment. Delivered one guest lecture.

Selected guest lectures

“The modem world: Grassroots computer networking, 1978-1988,” COMM.400, Massachusetts Institute of Technology, Cambridge, MA, 2015.

“The modem world: Grassroots computer networks, 1978-1988,” TEL-T.322, TEL-T.413, Indiana University, Bloomington, IN, 2014.

“Database populism past and present,” INFO.340, University of Washington, 2014.

“The history and technical structure of the internet and the WWW,” COMM.202, University of Southern California, 2014.

“Reading Ted Nelson,” IML.400, University of Southern California, 2012.

“A history of mixtape technology in hip-hop culture,” MUS.168J, University of California, Santa Barbara, 2011.

“Hackers, hobbyists, and companion machines,” COMM.202, University of Southern California, 2011.

“Art and free culture activism,” Michael Trigilio, University of California, San Diego, 2010.

“Make Do With What You Have / Take What You Can Get: Youth Media and Constraint, '80-'08,” CMS.100, Massachusetts Institute of Technology, 2008.

“The Hip-Hop Approach: Technology, Ambiance, and Orality in Popular Music,” CMS.400, Massachusetts Institute of Technology, 2008.

Awards

The Graduate School Travel Award, University of Southern California, 2013.

Selected participant, Oxford Internet Institute Summer Doctoral Programme, University of Oxford, UK, 2012.

Annenberg School for Communication and Journalism Travel Grant, University of Southern California, 2010, 2011, 2012, 2013.

Graduate Student Government Travel Grant, University of Southern California, 2010, 2011, 2012, 2013.

University of Southern California Annenberg Graduate Fellowship (fully funded), 2009, 2010, 2012, 2013.

Hugh Hampton Young Memorial Fellowship, Massachusetts Institute of Technology, 2008.

Research assistantship (fully funded), Massachusetts Institute of Technology, 2007, 2008, 2009.

Software

Selected releases

PyMetlify, developer, 2013.

Python module for researchers who are handling medium-sized collections of tweets in Activity Streams format. PyMetrify generates descriptive statistics in machine- and human-readable formats comparable to the output of *metrify.awk*, a popular tool released by Axel Bruns and the Mapping Online Publics research group.
<https://github.com/driscoll/pymetrify>

KCHUNG, developer, 2013.

Public-facing website, backend for volunteers, and automated data archive for an independent radio station broadcasting and streaming from the Chinatown neighborhood of Los Angeles. In daily use by over eighty volunteers, DJs, and engineers.
<http://kchungradio.org/>
